Our team of quality staff not only listens to your requirement instead they also provide you the best and effective services always and all the time as per their full requirement.

Data Management Solutions

Today world is getting digital and we Rltech Web offers a complete range of all the active services relating to web presence, starting from Conceptualization till the final destination of development of the website.

Our team of quality staff not only listens to your requirement instead they also provide you the best and effective services always and all the time as per their full requirement.

Advertisement Solution

It's all about the consumer. How will you reach and engage the people who can't wait for your message? Our ad solutions help you deliver relevant, effective campaigns that target your particular audience and achieve your unique goals. See how our creativity and technology can reach your customers first.

Online advertising, also called Internet advertising, uses the Internet to deliver promotional marketing messages to consumers. It includes email marketing, search engine marketing, social media marketing, many types of display advertising (including web banner advertising), and mobile advertising.

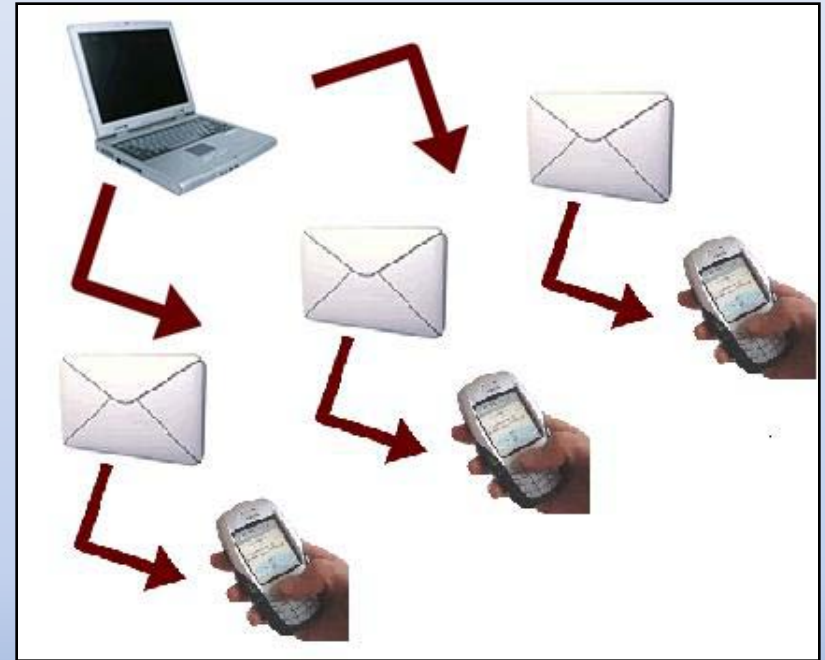

Like other advertising media, online advertising frequently involves both a publisher, who integrates advertisements into its online content, and an advertiser, who provides the advertisements to be displayed on the publisher's content.

Bulk SMS

Rltech, a web-based two-way Bulk SMS Service, brings together the speed of the internet and the ubiquity of the mobile phone to offer an interactive and cost effective Bulk SMS platform for organizations. The SMS solution enables business communication over the mobile, creates new customer touch points for company and client communication and provides a cost effective platform for interacting with a wider audience in a very short span of time.

Rltech Bulk SMS Services offers compelling price-performance ratios unmatched by traditional media with its offerings like Bulk SMS software & Bulk SMS alerts and it also enables the creation of a two way SMS channel for generating leads, promoting products/services, communicating with employees, receiving feedback from customers and sending automated Bulk SMS alerts.

Print Media & Design

We offer a complete print and copying and creative design service and pride ourselves on our quality, value and first class service. Our all print team will help you in every way possible with our vast experience. We can produce copying while you wait and often deal with confidential documents. **Our** designer can turn your ideas in to reality and our new digital press will produce high quality vibrant prints. We have the knowledge, skills and experience complimented with new technology to help your business. Whatever your requirements, you can be sure of a prompt response, with the highest standards of quality control at the most affordable prices.
